

TEACHER NOTES / INSTRUCTIONS

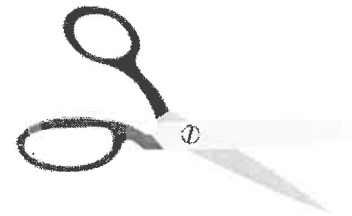

INCLUDES:

The entire deck of fan cards are included in this pack.

Once assembled your students will love that the top visuals go with the topic of each card in the deck and in most cases, are in the order in which they appear. There are dashed guidelines for cutting around the card and top image. This gives a nice 3-D effect and looks unique once assembled. Requires 8.5 by 11 paper.

- ☐ One set of black line art for your students to color.
- ☐ Each card is lined to appeal to a wide range of students.

DIRECTIONS:

1. Go to Print PDF.
2. Print ALL the pages you desire to use.
3. Under printer settings make sure you pick "shrink to size" to ensure the full deck is printed with a small margin. I recommend card stock paper.
4. Color and answer first. Then...cut ☺ This is just easier and will prevent some tearing.
5. Punch a hole using a single-hole puncher. The black dot is on each card.
6. Assemble your deck by the order the terms, concepts, or subtopics would appear within your unit of study. For example - as you cover a root, assign the sketchnotes page to be completed for their notebooks.
7. Give each student a metal clasp. I like the ones my school gives me from the supply room. Do not open the clasp. Just slide it through the hole starting from the cover. Once all the cards are on the clasp, open the clasp from the back to hold it in place. -Students can generally do this on their own. I like to have peer experts assist other students during this step.
8. Your students can now read and answer questions. I recommend this as the last step due to seeing first and how much my students enjoy flipping through their deck and looking at their creativity!
9. The sketchnotes pages are sized perfectly to fit any composition book or spiral bound notebook. I recommend using a glue stick to adhere the sketchnotes to the page. The interactive fan and the sketchnotes pages are designed to go together as your students work through all the roots.

GREEK ROOTS ANSWER KEY

ROOT	ENGLISH MEANING	PICTURE	RELATED WORDS				
acro	height, highest	acrobat	acrophobia	acronym			acrobatic
anti	against, opposed	anti-_____	antonym	antibacterial			antibiotic
astro	star	astronaut	asterisk	asteroid			astronomy
